

MASTER CLASS IN LIVER DISEASES

Series 3

This meeting is unique and first of its kind, where exclusive paediatric hepatology is discussed supported by histopathology and radiological findings. This programme is designed to give the audience in-depth holistic understanding on liver disease in children. The programme consists of lectures by eminent national and international speakers followed by panel discussion on challenging cases.

Course Director

Prof. Mohamed Rela,

Director, Institute of liver diseases and transplantation

CHIEF PATRON

Dr. K. Ravindranath

COURSE DIRECTOR

Prof. Mohamed Rela

ORGANIZING SECRETARY

Dr. Naresh Shanmugam

ABSTRACT COMMITTEE

- ★ Dr. Srinivas Reddy
- ★ Dr. K. Venugopal

TRAVEL & ACCOMODATION

- ★ Dr. Vivekanandan

SCIENTIFIC COMMITTEE

- ★ Dr. Akash Deep
- ★ Dr. Ramesh Kancherla
- ★ Dr. V. Jayanthi

ORGANISING COMMITTEE

- ★ Dr. Thomas Cherian
- ★ Dr. M. Rajesh
- ★ Dr. S. Karthick

GUEST RELATIONS

- ★ Dr. Rajasekera Perumala
- ★ Dr. Gomathy Narasiman

- ★ Dr. P.L. Nataraj

- ★ Dr. Rengaswamy

- ★ Dr. C. Selvakumar

Pre-Conference Workshop on Intensive Care Management of Acute Liver Failure and Liver Transplantation in Children

Date: 8th December 2012, Saturday Time: 10.00 am - 5 .00 pm

Aetiology and clinical presentation of ALF

Cardiovascular support in ALF

Renal failure in ALF - when to intervene

Proposed protocol for ALF management

Liver transplantation - Intra OP issues

Liver transplantation - Post OP issues

Transport of a child with ALF

Infections in ALF - why are we so worried?

Diagnosis and Management of raised ICP in ALF

Prognosis and Transplantation for ALF

Renal replacement therapy: practical demo

**Participants limited to 30 nos.*

Paediatric Liver Disease & Transplantation: Current Concepts

Date: 9th December 2012, Sunday Time: 9.00 am - 5.00 pm

Late diagnosis and prognosis in biliary atresia	Dr. Priya Ramachandran
Role of steroids and antibiotics after Kasai	Dr. Rajeev Redkar
Interpretation of liver function tests	Prof. Anil Dhawan
Antibiotics in children with Liver disease: Use and abuse	Dr. Anita Verma
Approach to neonatal cholestasis	Prof. S. K. Yachha
Hep B and C in children: Current trend in management	Dr. Ujjal Poddar
Recurrent jaundice : Aetiologies and approach	Dr. Marion Aw
Approach to Metabolic liver disease	Dr. Anil Jalan
NTBC and liver tx in tyrosinemia: Pros and Cons	Dr. Dinesh Rawat
Diagnostic difficulties in Wilson	Dr. Geetha
Neonatal liver failure: Is it different?	Dr. Naresh Shanmugam
Neuroprotection & Pressors in ALF	Dr. Akash Deep
Panel discussion	Prof. V. Pujitha Wickramasinghe Dr. Jayamani, Dr. Krishnaveni, Dr. Ramesh Kancherla
Role of Primary Prophylaxis of Variceal Hemorrhage in Children With Portal Hypertension: What the evidence says?	Prof. S. K. Yachha
Specialist radiology in paediatric hepatology	Prof. John Karani
Hepatoblastoma in children	Prof. Nigel Heaton
Liver transplantation in children: Indications and contraindications	Prof. Anil Dhawan
Auxiliary liver transplantation	Prof. Mohamed Rela
Panel discussion	Dr. Nirmala, Dr. Dinesh Rawat, Dr. Geetha
